The Inner-City Scholarship Fund

Since 1983, thousands of students and families have been transformed because of the investments of the Catholic Schools Foundation and its signature program, the Inner-City Scholarship Fund. Although a lot has changed in 27 years, the positive impact on at-risk young people has been constant. Today we continue to provide assistance in a manner that has the most long term impact.

Things to Consider...

- 2011** Catholic schools in Boston and across the nation have a 98% graduation rate, compared to 71% in public schools.
- 2011** Over 50% of the students receiving ICSF aid are living below the poverty level and in single parent homes.
- 2011** This is for all children. In fact, in Boston the Catholic schools are 23% non-Catholic and 70% non-white, although in some schools the number of non-Catholics approaches 70% and 99% non-white.
- 2011** We are creating taxpayers at no cost to taxpayers. If Catholic Schools in Massachusetts were to go away it would cost cities and towns over \$500,000,000.
